About the Empire State Building

Soaring 1,454 feet above Midtown Manhattan (from base to antenna), the Empire State Building, owned by Empire State Realty Trust, Inc., is the "World's Most Famous Building." With new investments in energy efficiency, infrastructure, public areas and amenities, the Empire State Building has attracted first-rate tenants in a diverse array of industries from around the world. The skyscraper's robust broadcasting technology supports major television and FM radio stations in the New York metropolitan market. The Empire State Building was named America's favorite building in a poll conducted by the American Institute of Architects, and the Empire State Building Observatory is one of the world's most beloved attractions as the region's #1 tourist destination.
